

Handicaps

Over the last few days we have had members submitting cards for handicapping purposes. These have been for new handicaps or to increase submissions to obtain a more accurate handicap. As you are aware, your handicap is assessed by the best 8 from your last 20 scorecards.

Unfortunately due to winter conditions, several CONGU requirements cannot always be met. If any of the courses are shortened by more than a specific amount or bunkers / greens are out of play this invalidates the qualifying criteria of that course. The only solution to this problem would obtain qualifying courses for every scenario and this would entail about 50 different course variations to be drawn up.

As you will appreciate this would become very labour intensive and virtually unmanageable. As a result, we will not be able to issue new handicaps or amend existing ones during the winter period.

If you require any further information, please do not hesitate to contact either Paul Jackson, Handicap Sec (pj.unitec@gmail.com) or Ray Hunter Club Sec. (magray39@sky.com}.
