

SENIORS SECTION COMMITTEE ANNOUNCEMENTS JANUARY 2022

At the recent Committee meeting the following decisions, that affect your membership, were taken. Please take time to read through the announcements.

Intelligent Golf

As you may already know the club will be upgrading the I-Golf system that we use to book Tee Times. It will soon include more features. A competition schedule will be added, the results will be published (together with prizemoney for winners), and you will be able to find out how many shots you have in a competition (you will not need to get your index, convert to a handicap, and work out 95% to get your shots).

Additional features will soon be added, and the system should be running fully by the start of the summer season. There will be plenty of help between now and then for those who want to use the new system.

Manchester and District Golf Alliance

The Alliance organise interclub competitions and The Seniors Section have a slot for a Seniors Team. More details will follow before the competitions start in the summer.

Winter Competition Formats

The Committee appreciate there is still strong feelings about reducing Winter competitions to 9 holes. The arguments for and against have been exhausted but could all members please note the Main Committee agreed to review the situation at the end of March. Nothing will change until that review is complete.

Competition Fees

The summer season competitions will include a nearest the pin competition with a fixed £10 prize. The competition fee will be £4 to fall in line with other club competitions

Brian Lambert Cup and Pairs Matchplay

We would like to restart these popular Board Competitions and give members to opportunity to play the match-play format.

The Brian Lambert Cup is a singles match-play knock out competition. Entry Fee is £5

The Pairs Matchplay is a better ball pairs knock out competition. Entry Fee is £5 per person

Anyone interested in competing please put your name on the list.
