World Handicap System

To all members

Following enquiries by Keith Blundell, our H/C Sec,. we have been informed that WHS now require the following details on their records to retain your handicap.

Information required Date of Birth

Mobile Phone Number

Email address.

Whilst the majority of members will hopefully not be affected, if you suddenly notice that your handicap is not exhibited, please contact either Keith or myself with your details. We would prefer all details by email, thus eliminating possible incorrect details being recorded.
